

**Big Brothers Big Sisters of Tampa Bay, Inc.**

Did you know that a recent study concluded that adults who had a Big Brother or Big Sister growing up are more likely than their peers to be better educated, financially stable and civically active in their communities?

Help change a child's life forever by becoming a Big Brother or Big Sister! Mentors are needed RIGHT NOW to work with children ages 6 to 17 in the community and schools.

Community-based program: volunteers spend a few hours a month going on outings with a child in need of adult guidance.

Site Based mentors: volunteer one hour a week at a local school or after school program where you stay on campus discovering new possibilities.

Volunteer application, screening and training is mandatory for all mentors!

Call us with questions and for more information including time commitment, specific areas of need and the wonderful benefits of mentoring!
